## OBJECTIVE

Seeking an internship opportunity as a front-end web developer, where I can apply and enhance my skills in HTML, CSS, JavaScript and React while contributing to the development of engaging and user-friendly websites. I am eager to learn from experienced professionals, collaborate with a team, and gain practical experience in creating responsive designs and implementing intuitive user interfaces. Through this internship, I aim to further develop my technical proficiency and become a valuable asset to the organization's web development initiatives.
